Adopt - a - Unit Program

UNCLASSIFIED

Adopt-a-Unit Program: What is it?

-Adopt – a -Unit matches specific 1CD units (a separate company or battalion) with specific civilian organizations (usually a civic club, church, business or neighborhood group).

-It is an AUSA-coordinated, chamber of commerce-supported program that is designed to strengthen ties between our military and civilian communities.

Adopt-a-Unit Program: What is it? (cont.)

-AUSA selects which organizations are matched with units. If a civilian partner has a preference, units are matched based on preference. Some units may have more than one sponsor.

-Friendships are made. Bridges are built. It is a “win-win” for the 1CD and the community.

-Participants do not have to be AUSA members to participate. Everyone involved in Adopt -a -Unit are volunteers and participate because it is the right thing to do and the right time to do it.

Adopt-a-Unit Program: Examples

-A card written to a unit in Iraq; a visit by a few soldiers to a local business; Civilians invited to attend a unit ceremony, visit a new barracks, inspect the Army's latest tank, artillery or engineer piece, observe training, meet unit spouses, learn more about "family readiness groups", attend a pot-luck dinner, participate in a fund raiser, etc.

-Adopt -a- Unit does not require a commitment of dollars; it does, however, suggest a commitment of the "heart" and a willingness to build and maintain bridges and relationships.
